NOTE: The above DVD was designed to provide a physical activity component that can be used in EFNEP and SNAP-Ed classes. Since its development it has been incorporated into the lesson plans of the two most used EFNEP curricula (Colorado's *Eating Smart • Being Active*, and North Carolina's *Families Eating Smart and Moving More*, and it is being used for EFNEP and/or SNAP-Ed in 39 colleges and Universities.

Also, I have produced 27 videos in English and 18 videos in Spanish which are available at the two snaped4me websites listed above.
